Re: Jim Jamo for Circuit Judge

For the past 28 years Jim Jamo has represented individuals and corporations in various state and federal courts around the State of Michigan. Jim has earned a reputation among both the judges and the bar association as a knowledgeable, intellectual and compassionate trial attorney. His reputation for honesty and dedication to fair treatment and respect for all who appear in court has earned him the support of over 35 judges across the tri-county region.

I can speak of my own experience in assuming my judicial duties and the fact that I had over 30 years of trial experience. This experience was and remains very valuable in exercising my judicial duties. It is this type of experience that allows a judge to quickly absorb issues and make correct rulings on matters that come before the court. This same experience is what will make Jim Jamo a terrific circuit court judge. I would urge the voters of Ingham County to join me and many of my colleagues in voting for Jim Jamo for 30th Circuit Court judge.

Yours,
